Welcome to our 2024 Choice Angus 8th Annual Yearling Bull Sale

After a challenging season and low cattle prices in 2023, it is encouraging to see the turn around with widespread rainfall and the cattle markets trending upwards, returning optimism to the industry.

We are pleased to offer 65 true yearling bulls this year in our sale line-up. Our breeding objectives of finding the “balance” between phenotype and positive fats without compromising on temperament and structure has delivered a group of very even, sound bulls. These bulls display plenty of muscle and depth, body length with softness and quiet temperaments which we are earning a reputation for. A large percentage of the bulls on offer this year are suitable to join with heifers.

This years line up include a large proportion of bulls sired by the \$280,000 Australian record Angus sire Millah Murrah Rocket Man R38 and Millah Murrah Parratrooper P15. These sons display plenty of their sires’ power and thickness and exceptional temperament. Millah Murrah Nectar N334 is another great sire with sons available this year and Moogenilla Quinella Q33 whose sons are already topping sales at \$75,000. Karoo Realist N278 has stamped his sons with exceptional phenotype and temperament with well balanced EBVs and PA Full Power 1208 sons have plenty of muscle, soft skin and positive fats.

Our inspection day will be held at the picturesque “Coolowie” property in the Horton Valley, home of Choice Angus on Wednesday 28th August, we encourage you to come and view the sale bulls in a relaxed and friendly atmosphere with refreshments provided. Tim and Rebecca along with David Simpson- Elders Bathurst, Richard Gleeson and Justin Oakenfull - Elders Inverell will be present to ask any questions you may have.

On behalf of the Choice Angus team we thank you for supporting our 2024 sale and wish you the best of success with your purchases.

*Kind Regards,
Tim Brazier and Rebecca Brazier*

SALE INFORMATION

Location

Choice Angus Stud is located at "Coolowie" 2208 Eulourie Rd, Pallal (Upper Horton) NSW 2404

Inspection

Inspection from 10am on sale day.

Catering

Lunch and refreshments will be provided by Choice Angus on inspection day.

Insurance

It is strongly recommended that insurance is taken out on all purchases. Representatives will be available on sale day.

Health

All sale bulls have been vaccinated with 2 doses of Pestigard, Vibrovax and 7 in 1 and drenched with Cydectin Platinum prior to sale. All sale bulls have been vet inspected for structure and breeding soundness by Dr Hennie Strydom, Wellington Vet Hospital. They have also had crush side semen and morphology testing conducted.

Guarantee

Choice Angus guarantees the structural soundness and fertility of their sale bulls. Choice Angus will provide a suitable replacement if available or a credit to the purchase value less salvage value if a bull is proven to be infertile or unable to serve naturally unless due to injury, illness or negligence for a period of six months from the sale date and must be accompanied by a vet certificate.

Delivery

Choice Angus will provide free delivery within 250km radius of Upper Horton.

AuctionsPlus

The Choice Angus Sale is online only. Please register at least 24hrs before the sale.

Contact David Simpson (0427 399 362), Justin Oakenfull (0428 569 128) or Richard Gleeson (0408 691 489) for more information.

Health & Safety of our Visitors (Rules & Advice)

All sale bulls have been screened for temperament and under normal circumstances are quiet to handle, however if an animal is stressed they can be unpredictable.

- Visitors enter pens at their own risk
- Children must not enter the pens
- Do not overcrowd the pens
- Be aware of your surroundings and keep noise and movement to a minimum

Disclaimer

All people entering this property for any purpose including the sale do so at their own risk. Choice Angus assumes no liability, legal or otherwise for any personal injury or death which may occur or for theft, loss or damage to property.

All reasonable care has been taken in compiling this catalogue however no responsibility is accepted for any errors that have occurred.

YEARLING BULL INFORMATION

Using Yearling Bulls for Real Benefits

Nature intended bulls to work at 12 - 14 months of age as this is when they become sexually mature and are still light and agile enough to learn their new trade without a high risk of injuring themselves.

Bulls who are first put out as two year olds are at higher risk of injury as they are heavier when they are learning the trade.

Management

Yearling bulls are much easier to manage both in and out of the cows as they are out working when their testosterone kicks in and not in a mob of other bulls learning to fight and bully out of sexual frustration.

Joining Heifers

Just because he is a yearling bull does not make him a heifer bull. As with any bull, his effect on calving ease is determined by genetics for birthweight and shape. However, suitable heifer bulls used as yearlings will mean less injuries in heifers as well. Due to their lighter weight they can be used over heifers for more years as you will have them for longer before they reach their mature weight.

Guidelines for using Yearling Bulls

- Don't put yearling bulls out with older and bigger bulls in their first year as the bigger bulls will injure the yearling bulls while they are serving.
- Only join to a maximum of 35 females in the first year.
- Only join for a maximum of 6 weeks in the first year.
- Ensure the bulls are up to date with parasite control and vaccinations.

ATTENTION BUYER

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

PARENT VERIFICATION SUFFIXES

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

: DNA verification has not been conducted.

E : DNA verification has identified that the sire

and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

PRIVACY INFORMATION

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

AuctionsPlus®

Australia's Livestock Marketplace

Can't make the sale?

Purchase online in eight simple steps!

Log on to AuctionsPlus and bid on your phone, tablet or computer.

1

REGISTER ONLINE

Free once off registration for all auctions.

2

COMPLETE BUYER INDUCTION

The buyer induction will help you understand the roles and responsibilities of everyone on the AuctionsPlus system.

3

VIEW CATALOGUE

View photos, videos, pedigrees and more.

4

ENTER AUCTION

Log into the auction anytime, anywhere and bid on your mobile, tablet or computer.

5

AUTO BID

Can't stay for the whole sale? Set your maximum bid on the lot that you want to purchase and let the computer bid for you.

6

CONTACT SELLING AGENT

If successful, contact selling agent to arrange payment and delivery. The agent contact details will be in the catalogue header.

7

PAYMENT

Via the selling agent's terms and conditions.

8

DELIVERY

Arrange transport of livestock at your expense.
